

Blessed Trinity's Annual Used Book Sale

SELLING is as easy as 1-2-3!

Instructions for selling books:

1. Collect your student's high school textbooks and summer readings from the previous year. Check each ISBN number against the book list provided by the school administration (see school website)
 - Sale volunteers cannot accept books that are not on the school list or have been written in.
2. Set your price: Consider the price you paid last year or check Amazon to determine used book prices. If you purchased your books through MBS, you may want to check an alternate site to set your prices.
 - No markdowns will be allowed once books have been accepted for sale.
3. Print and complete the USED BOOK SALE labels and Inventory Sheet from BT website. Complete the inventory form for all books you want to sell and keep a copy for your records.
4. Affix the labels on the front, lower right corner of each book using only blue painters or masking tape. Drop off your prepared books during one of the posted times.
5. Volunteers will be available to expedite the drop off process. They are not available to assist with pricing and labeling.
